# Furniture and IT equipment back in circulation

The implementation of Agile Working and desk-sharing practices in our offices have made some of the furniture and IT equipment no longer necessary.

How can we turn them into an asset? Through **circular economy** initiatives, we have given them a second life, thus achieving important environmental and social impact goals.

13 locations involved

1 Monza

5 Milan

3 Turin

1 Bari

1 Viterbo

1 Rome

1 Palermo

7,000 pieces of furniture recovered

40% Donated
